SHELTON DEALER ACQUIRES LARGE ALLOTMENT OF BANK REPO VEHICLES FOR PUBLIC SALE!

Anytown, USA. June, 2006
 Due to the deterioration on good American's credit scores over the past five years, a higher percentage of family vehicles have unfortunately had to have been repossessed because of non-payment to banks across the Northeast. Many of these banks are now in a quandry and look to local auto dealers to sell-off their repossessed vehicle inventory.
 Locally, USA Motors has called on **Northeast Bank Repo, Inc...** a nationally recognized firm specializing in the rapid disposal of surplus vehicle inventories to liquidate hundreds of pre-owned vehicles including a vast inventory of recently acquired bank repossessed vehicles.

A USA Motors spokesperson revealed that they are now inundated with vehicles from \$8,000-\$15,000, some are 50-80% off their original prices and there will also be 100% credit approval for everyone with no exceptions. This rare opportunity will be available for all Tri-state residents through Monday June 26th.

To accommodate the fairly huge crowds expected at the selling grounds of USA Motors, all customers will be served on a first come...first sold basis. Serious buyers are encouraged to arrive as early in the five day event as possible.
