U.S. Ports Bank Repo Vehicles For Urgent Sale At Anytown Dealership

Anytown, USA. June, 2006
Recently, a surplus of bank repossessed cars, trucks, vans and SUV's that originated at the northeast's largest U.S. ports were entrusted to US Ports USA ...a nationally recognized firm, specializing in the rapid disposal of surplus vehicle inventories to be sold off to the general public. Automotive Wholesalers USA has acquired selling space at USA Motors, to liquidate hundreds of pre-owned vehicles, including previously bank repossessed vehicles that must be sold off to the public regardless of profit.
Over 300 vehicles in total will be sold off this Thursday through Monday at USA Motors during the biggest U.S. ports bank repo event of the year. Local Anytown residents will benefit because of the dire commitment of the seller to eliminate these vehicles in a timely manner.
Vehicles will be sold for 20 and 30¢ on the

dollar and all 300 vehicles will be delivered for a monthly payment of only \$43 with an only \$19 down payment. An US Ports USA spokesperson told us that they were brought in to eliminate all 300 vehicles in the most timely fashion possible, which simply means that it will be a buyer's market this weekend at this bank repo elimination event.
Most manufacturers will be represented during this event and prospective buyers will see the likes of bank repo vehicles, lease return vehicles, rental cars, auction cars, fresh trade-ins and a spectacular variety of years, makes and models of vehicles ready for immediate sale and immediate delivery.
Customers are urged to arrive as early as possible to this event, as all customers will be served on a first-come, first- sold basis. This sale will be held at USA Motors in Anytown, USA this Thursday through Monday rain or shine.
